She got pictures of her last man,
all in her trash can.
She focused it's hopeless she's too much of her past
and
She in a mind state where her grind rate
Sets her apart from all the live bait.
She makes her own dough, she extra-ordinary
And those hips and thies you dream about she more
than carries
Tales and fairies can't describe how she measures up.
She's a dime, that describes, why she's acting up.

She acting all sidity, that's cause she know she's bad
She's making her own money, spend it like she never
had
She way too smart for schemin, she got too much class
So when she in the room, she got it on smash
Girl, I want it, girl I want it
You got my attention, you got my attention
You got it flaunt it, you got it flaunt it
You got me wishing, you got me wishing
I can have it all, baby just for one night
Aint another nigga in the building your type
I know you want it, yeah, yeah

[Big Sean]

Poppin bottles errday, errday that's my prescription
Gettin paper errday, errday that's my subscription
It's a fuck everybody in the world kinda day
Everything gold cause I'm that kinda paid

And she reppin Finally Famous
My crew around me paid
Like getting rich contagious
That's why miss sophisticated dance around like she in

Tw-tw-twistin up my fingers and weed
Hands flippin through the paper like my fingers could

All my, all my music knockin like bitches police
Snatchin bottles out of hand like bitch this for me!

Chorus:

She acting all sidity, that's cause she know she's bad
She's making her own money, spend it like she never

Sheway too smart for schemin she got too much class
So when she in the room, she got itâ€¦
Girl, I want it, girl I want it
You got my attention, you got my attention
You got it flaunt it, you got it flaunt it
You got me wishing, you got me wishing
I can have it all, baby just for one night
Aint another n*gga...

I think I know what it is, yeah!
See it, see!
Up, up, ..let goâ€¦

I mean, all go
You deserve it shopping the mall and go to movies
Probably ..day and night with champagne, and Jacuzzi
Celebrating the life, you work ..
Girl, you're one of a kind, yeah your kind is so

She be my example, I guess thatâ€¦
She got her man stand still, ..how she do it,
independent
And I'mâ€¦
She probably fall in love, if she ever got to knew me.

Chorus:

She acting all sidity, that's cause she know she's bad
She's making her own money, spend it like she never

So when she in the room, she got itâ€¦
Girl, I want it, girl I want it
You got my attention, you got my attention
You got it flaunt it, you got it flaunt it

You got me wishing, you got me wishing
I can have it all, baby just for one night
Aint another nigga in the building your type
I know you want it, yeah, yeah
