She's hotter than summer time a hundred times
I underline her undefine
Some the time I rupture spine and stamp it
So she knows is mine, feels like we livin for a purpose
Now I donate 'cause this the type of love you want to
last forever
Oh, is so complicated 'cause all the winner obligated
I also feel the need to spoil and over compensated
Contemplate it but it's never concentrated
Just to snug it or cut it but it's a please it when you want
Know, what time it is,
Late night you ain't sleeping alone
Those can't get sober whenever
But those things you hear about in fairy tales it's so
whatever
Happinessin' don't exist without understanding
Plus our business is so vivid when we under planning
Pre Chorus:

Cuz I already know what's on your mind
You know, tonight the moon and the stars are aligned
