Sometimes it's all right
To get angry
But it takes a man
To control his anger, Boy
No need for crude
And careless words
Even guys around you may use them
'Cause you're my hero, Boy

Each time you go through hard times
You'll grow; hang tough
You fight your battle, but
Keep in mind you'll always have

* (My love)
A hand to hold
(Here)
When you need it
(So)
You can even cry on
(My love)
A hand to hold
(Here)
I'll be with you
(So)
All the way

While you make it through
Always, Boy, believe in yourself
'Cause I do.

Sometimes I don't know
Where you have gone
But I am sure you always know
How much you mean to me
No matter how much
Confused 'n hurt
Remember, listen to your intelligence
'Cause you're my hero

Every time you strive and search

You will grow; hang tough
I want you to know, without
Judgment, you'll always have

Repeat *

While you make it through
Always, Boy, believe in yourself
'Cause I do.

Repeat *

While you make it

Repeat *

While you make it through
Always, Boy, believe in yourself
'Cause I do.
