Stimulated cause your body's so amazing,
I cannot believe you're acting so abrasive
What you need you can get for me
Don't you know that I can set your body free.

Takin' time to tell me why you're tryin' to tease me,
Grind your body all over me then you leave me
What you need you can get from me (Ah ah)
Don't you know that I can set your body (Uh) free, free,
free.

Set your body free, free, if you want it,
Set your body free, free, free,
Set your body free, free, if you want it.
All you gotta do is call on me
And I can set you free, free if you want it

Baby don't you know your body's so persuasive
Through my fingers why you acting so evasive
What you need you can get from me (Ah ah)
Don't you know that I can set your body free?

My position is I'm trippin' going crazy
Boy your presence makin' everything goes hazy
What you need you can get from me
Don't you know that I can set your body free, free, free

Set your body free, free, if you want it,
Set your body free, free, free,
Set your body free, free, if you want it.
All you gotta do is call on me
And I can set you free, free if you want it

Let me take to a place that you ain't never been
Where the night shines with gold and emerald green
Where the music never stops we can rock till light
Turn the bass we'll be right up
And set this floor on fire
Let me take to a place where you ain't never been
Where I can set your body free, free, free

Set your body free, free, if you want it,
Set your body free, free, free,
Set your body free, free, if you want it.
All you gotta do is call on me
And I can set you free, free if you want it

Eh eh eh eh eh
Cause I could, if you want me too,
I could love you
Cause I could, if you want me too,
I could love you
