I'm waiting for the right time  
For me to say this to you  
Holding something  
Preparing myself to say

I'm screaming these words for you! For you to realize,  
That to me (there) there is only you

It's March and it's night time  
I'm dreaming everything about  
You while I'm confessing (you while I'm confessing)  
And I'm screaming myself to say

I'm screaming these words for you! For you to realize,  
That to me (there) there is only you  
And did you know that I! That I was paralyzed,  
When I'm saying these words to You?

Everything about the way I feel  
And when your near  
I'm barely still  
And hope that you'll listen

I'm screaming these words for you! For you to realize,  
That to me (there) there is only you  
And did you know that I! That I was paralyzed,  
When I'm saying these words to You?

I miss you  
(I miss you! )  
I need you  
(I need you! )
