CHORUS:

Not enough time in my day & in my freetime I just
watch the clouds

floating away Oh Sometimes things don't really go my
way day oh

sometimes things dont really my way that day Oh
sometimes I get

ocupied with something & then the day ends & begins
it ends & then begins It ends & then begins!!!

Oh I know I'm waiting for just not sure what it is but now
I think I know

Oh I think I'm waiting for a perfect friend ,a perfect
time, & a perfect moment Oh I'm not sure But hey it's
the only clue I've got!

(CHORUS)

SPOKEN:notice I said sometimes things don't really go
my way

Well that's because yesterday the whole wide world
was against me & now today I feel the whole world's
with me ! ! ! Oh, Yeah!

(CHORUS 2X)

Oh not enough time in my day just not enough time!
