I can't believe the things we did
But we were young so learn from it
The things we'd write
The things we'd say
There's things that never made the grade

I studied books
I studied us
I studied you in photographs
And all I know is not enough
So I don't know, so I give up
I give up
I give up

And your tongue, it's in my mouth
Well it can't really help you talk
And all you say is with your eyes
All that we should do is touch

That's how things work from fast to friends
I do not know
But I do know
This is not what I had wanted
I had you once, now never again
So I give up
I give up
I give up
I give up
I give up

So stay in love
Stay in love

I can't believe the things we did
But we were young so learn from it
The things we'd write
The things we'd say
There's things that never made the grade

I studied books
I studied us

I studied you in photographs
And all I know is not enough
So I don't know, so I give up

So stay in love
Stay in love
Stay in love
Stay in love
