She's an apple pie
With fraises inside
She's topped with cream
For my delight

She's an apple pie
She is my bride
I'm a steak
Soulfood and fried

She's an apple pie
She's alright
Sugar sugar cinnamon

She's bothers bride
She's an apple pie
I'm a steak
And it on the rock

After midnight

She's an apple pie (an apple pie)
And she is alright (I'm alright)
She's topped with cream (toped with cream)
For my delight (for your delight)
She's an apple pie (an apple pie)
She is alright (I'm alright)
She's an apple pie (an apple pie)

She's an apple pie
