All these times you followed me
You were there, but I couldn't see
Watched me while I dreamed
Now I know what it means

Being a creature of the night
Soon I'll start to fight
Never again see daylight
But I guess that's alright

Although I'll die
You never see me cry
Cause the night belongs to me

You gotta
Hold me tight
Before you take my life
I'll be like you, you'll be like me
In the night

Hold me tight
Before you take my life
I'll be like you, you'll be like me
Oh darling can't you see?

You and me for eternity
That's how undead life should be
Fulfilling our sickest dreams
While haunting for new victims

You are my wildest fantasy
How could this happen to me
It's your bloody kiss
I never want to miss

I am not dead
And I'm not alive
But still the night belongs to me

You gotta
Hold me tight

Before you take my life
I'll be like you, you'll be like me
In the night

Hold me tight
Before you take my life
I'll be like you, you'll be like me
Oh darling can't you see?

This bloody lovesong

You gotta
Hold me tight
Before you take my life
I'll be like you, you'll be like me
In the night

Hold me tight
Before you take my life
I'll be like you, you'll be like me
Oh darling can't you see?

You kissed me right
When you took my life
I am like you, you are like me
For eternity
You kissed me right
When you tool my life
This bloody lovesong
Is just for you
Just for you
