It was a summer night  
When you saved my awful life  
I was lonesome  
And that's the reason why

You invite me too your spooky prom  
Dancing on the ghost town's moon  
You maybe feel ok  
Darling you gotta stay

Cause I'm the bride of the monster  
The bride of the monster  
Sparring this horror movie  
The bride of the monster  
Hold me in your arms tonight

On this hallows eve I couldn't take my eyes of you  
You're just one I need to get through  
Led by my dirty mind not took your ice cold hand  
Brought you to my sweet promised land

You maybe feel ok  
Darling you gotta stay

Cause I'm the bride of the monster  
The bride of the monster  
Sparring this horror movie  
The bride of the monster  
Hold me in your arms tonight

Everything has changed  
Standing here alone again  
It's time for my revenge  
(My revenge)  
You put me in this casket  
But this won't stop me  
You need to burn in hell  
(Burn in hell)

No need to run away  
I will find you anyway

Cause I'm the bride of the monster  
The bride of the monster  
Sparring this horror movie  
The bride of the monster  
I take you to the other side
