Get out of my roooom!
Bleh

Once upon a time, I spied on you
Bud light lime in my hand and I stand over there
And listen to your little lies about your cool life
You say she will be your wife, but I am
Whites red, irises brown, and your eyes wide
You apologize to me when I see you do a line, but like
I'm open-minded and it's fine
I don't do the sh*t, but I don't really mind it
I'm not heartless but I'm hardened, a rotten tooth
It's my party, couldn't cry if I wanted to
And the more you taunt me the more I think I'm wanting
you
And ever since, you're the prince and I'm the one that's
haunting you

Now you're tryna dip, without me
But I'm the princess, read my lip, it's pouty
And the sky is lookin' kinda cloudy so maybe you
should stay inside
And you and I can get a little rowdy

Lordy, shorty you're a 10 and I wait for your drunk dials
at 3:30 am
I love them
Excuse me, you're a hell of a boy,
Your cigarette breath, well I thoroughly enjoy it
Lordy, shorty you're a 10 and I wait for your drunk dials
at 3:30 am,
I love them
So call me sober when you're ready, not goin' steady,
But babe I planned our wedding already

I don't care how long it takes to get you after me
I wrote our names on my binder and everybody
laughed at me
But it really doesn't matter, you are radder and cooler
A hooligan and my flattery makes me look like a fool
again

You are a tool again, but you're the one that I've chosen
I'm not familiar with this type of devotion
I used to be a pimp without emotion but now you got
me simpin'
And singing the Frank Ocean and thinkin' bout you
Ooh no no no, I been thinkin' bout you, ooh no no no
I been thinkin' bout you, do you think about me?

Lordy, shorty you're a 10 and I wait for your drunk dials
at 3:30 am,
I love them
So call me sober when you're ready, not goin' steady,
But babe I planned our wedding already
Lordy, shorty you're a 10 and I wait for your drunk dials
at 3:30 am,
I love them
So call me sober when you're ready, not goin' steady,
But babe I planned our wedding already

Just snorted a pill, fellin' good...
Just snorted a pill...
