Iâ€™m a little Nipsey Hussle plus a little pixie dust  
Iâ€™ll piss all on your bike, like to see your fixy rust  
Iâ€™m in the pile of fly-low wannabe followers  
Sending photos in all-over print nylons  
Nine Lime Magazine sayinâ€™ I hold the mic wrong  
Smile brother, get wannabe in your Nikons  
Few find out Iâ€™m the white bomb  
In the corner pocket, scratch the bumps on my skin

Chorus:

Like rash rulls everything around me  
Getting drowsy, bena-benadryl yâ€™all  
Rash rulls everything around me  
Getting drowsy, bena-benadryl yâ€™all

I grew up on the shy side  
The free wi-fi side  
The OCD side, you know itâ€™s me Pryde  
But I donâ€™t really have my cheap ad so,  
Iâ€™m brushing while Iâ€™m running the show  
And I donâ€™t wanna take a flick and,  
I never take photos  
I never say YOLO  
I never say cheese  
And I donâ€™t wanna pose, cause I donâ€™t want them to  
see the  
Anxiety rush that I am hiding under my sleeves  
And it looks weak to get all red and itchy when Iâ€™m  
bely upset  
But itâ€™s bad enough to make â€™em call a medic  
I could be in Cali or Connecticut  
Iâ€™m loud and always yelling  
And Iâ€™m kinda like a pelican  
Cause my mouth is way bigger than my belly,  
And I like to keep some feathers on my skeleton  
Iâ€™m not a bird, but I pretend I am  
When I shit on your head, outside your residence  
Without my medicine Iâ€™m stressing cause:

Chorus:

Rash rulls everything around me

Getting drowsy, bena-benadryl yâ'all  
Rash rulls everything around me  
Getting drowsy, bena-benadryl yâ'all  
Rash rulls everything around me  
Getting drowsy, bena-benadryl yâ'all  
Rash rulls everything around me  
Getting drowsy, bena-benadryl yâ'all

Iâ'm a little Nipsey Hussle plus a little pixie dust  
Iâ'll piss all on your bike, like to see your fixy rust  
Iâ'm in the pile of fly-low wannabe followers  
Prank-calling me all the time  
And I just wanna grind and I just wanna flex  
I donâ't really mind all of the Wolitics and stress  
I like to be trending topic, the pound key  
Even though I break-out when they hound me

Chorus:

Rash rulls everything around me  
Getting drowsy, bena-benadryl yâ'all  
Rash rulls everything around me  
Getting drowsy, bena-benadryl yâ'all
