It's been arranged for me to disappear  
To carry out a clean escape  
Just to leave  
To not be here  
It's been arranged for me to disappear

It's been arranged for me to go away  
To know that I've been warned again  
Make an exit  
Do not stay  
It's been arranged for me to go away

Seconds are shorter  
On the wrong side of the border

And I know the party starts  
When I leave

It's been arranged for me to disappear  
Last defenses overrun  
They are many  
Next to none  
It's been arranged for me to disappear

Seconds are shorter  
On the wrong side of the border  
And I know the party starts  
When I leave
