Six feet to the bed
Seven to the door
When this is over
The weather will change

Bring the darkened skies
Witness they will be
When the armies march
Between you and me
Eager to destroy
Gentle and sincere
When we are done here
The weather will change

Sleep together
Wake apart

Who'll be standing guard
When we turn our heads
While we stop our hearts
When we break our necks
What you do to me
I will do to you
When this is over
The weather will change

Sleep together
Wake apart
