Sign says right or left
But I can't decide
I guess I'll stay right here
A little while
The day is halfway through
And my shadow disappeared right underneath me
It disappeared right under

And if I don't decide
I could stay in the middle
Where everything's just fine
Maybe, kind of, just a little

Consensus says yes
So I guess that's right
I'll keep an open mind
To what I like
The question's halfway through
And opinion disappeared right underneath me
It disappeared right under

And if I don't decide
I could stay in the middle
Where everything's just fine
Maybe, kind of, just a little
Maybe, kind of, just a little

And if I don't decide
I could stay in the middle
Where everything's just fine...

I ride my bike across the bridge sometimes at night
Watch my reflection as it trembles in the moonlight
Imagine I am the river flowing by
Never questioning direction
Never wondering why

Never making up my mind

Never wondering why
Never making up my mind

Wondering why I'm never making up my mind
