It's a bit of a climb
My body is sore
My mind can't believe
It's pushing for more
The pivotal point
It's up or it's down
I reach for the peak
And release the ground

I'm rising
High above
Rising
Higher than my eyes can see

With nothing above
And a whole world below
I cry out to God
Where do I go?
This gravity binds
My feet to the ground
'Til I close my eyes
And without a sound

I'm rising
High above
Rising
Lifting up
I'm rising
Higher than my eyes can see

Hold the sky and let the sky hold me
Let what I believe be what I see
Hold the sky and let the sky hold me
Let what I believe be what I see

Rising
High above
I'm rising
Lifting up
I'm rising
Strong enough

I'm rising
