At your house it's warm  
There is always something going on  
Momma's cooking in the kitchen  
Watching over all the kids  
And daddy is calling on the phone  
Says to get the dinner ready  
Cause he is coming home

So this is family life  
This is what normal is like  
Like nothing I've ever known  
I wanna go home

At your house it's loud  
Always something to talk about  
Sister's yelling at your brother  
Shouting, laughing, chase each other  
The baby is up, I hear her cry  
Momma rocks her back to sleep  
Singing a lullaby

So this is family life  
This is what normal is like  
Like nothing I've ever known  
In this house you're never alone  
I wanna go home

Seems like nothing could go wrong here  
It's just that I don't belong here  
There's no place like, no place like  
Maybe one day I'll have my own

So this is family life  
This is what normal is like  
Like nothing I've ever known  
In this house you're never alone  
Home, I wanna go home
