[Verse 1]

I heard what you said about your last girlfriend.  
You said she was absolutely crazy.  
And that lookin' back she wasn't really worth a damn.

I wonder what you're gonna say about me.

[Chorus]

I can cry you a river so deep that you can't touch the  
bottom on your tippy toe feet  
and make like a shade so black make the sun in the sky  
look like a single match.  
But if your brave enough to be my man,  
I'll love you like crazy, like only crazy can.

[Verse 2]

I don't wanna run you off or make you scared.  
I only wanna give you a fair warning.  
And I can't explain the reason for the way I am,  
I only promise that I'll be the same come mornin'.

[Chorus]

[Instrumental]

[Chorus]

I heard what you said about your last girlfriend.
