It's been a year or so
Time moves awful slow
Learning how to live with out you
Last night driving home
Heard you singing on the radio
Song about a girl you know from Nashville Tennessee

He said
She had brown eyes
She had long hair
Used to be your best friend
You don't know where the love went
I'm still in Nashville

Heard the DJ asking you
Is it about someone you knew?
You laughed and tried to change the subject
You said it's just a song
It could be about anyone
I know a lot of girls in Nashville Tennessee

He said
She loves chocolates
She came from Brooklyn
Used to be your best friend
You don't know where the love went
I'm still in Nashville
I'm still in Nashville

I still have brown eyes
But I cut my hair
I still love chocolate
As if you care

You said to me, had brown eyes
You said, had long hair
Used to be your best friend
You don't know where the love went
I'm still in Nashville
I'm still in Nashville
I'm still in Nashville
