Even when you think the world is falling apart. Even
when all hope is gone. Even when you think the stars
are falling down. we have to stay strong hold on to the
hope and the faith stay strong stay strong. Weve all
made mistakes in this world and some can be fatle but
in the end well be just fine if we stay strong. Hold on to
the hope and the faith stay strong stay strong. Keep
your chin held high because it will be ok just stay...
strong. hold on to the hope and the faith stay strong
stay strong stay strong. no matter what life thros at us
we will stay strong. we will stay strong. ohhhhhhhhhh
stay strong. so even when you think the world is falling
apart. even when you think all hope is gone. even when
you think the stars are falling down we will stay...
strong
