You look at me with that fake smile and glassed eyes  
Oh my god, don't you know that I know?  
Can't you see that I know about last lies  
You told me I know you do  
You were meant to be a stain in the sheet  
But you ended up as a stain in society  
You don't know, that I know, what you told  
You don't know, so you say, oh please just go away  
Is there a mark in my back that says Stab here?

This pain I feel Between my backbones  
Why don't you shoot me in the face  
And take my pain away  
My life in hell Because the "truth" you tell  
Now twist and turn and pull  
And it will be over  
Backstabber

All alone in your empty room  
You look at me and I look at you  
How the hell that did you get in here?  
I hear you say and I go away.  
Tables turned - says the note that I left you  
- Now it's your turn burn in hell  
Maybe next time you tell your scoop  
You see me hanging from your roof  
Is there a mark in my back that says Stab here?

This pain I feel Between my backbones  
Why don't you shoot me in the face  
And take my pain away  
My life in hell Because the "truth" you tell  
Now twist and turn and pull  
And it will be over  
Backstabber

Maybe soon you'll start to hope  
It was you who bought that rope  
My sleep is now more than a nap  
I got that final stab

What is This pain I feel  
Between my backbones  
Why don't you shoot me in the face  
And take my pain away  
My life in hell  
Because the "truth" you tell  
Now twist and turn and pull  
And it will be over
