(chorus)

I was hoping I could see you again  
At the same time  
same place  
same everything  
When I'm with you I don't need anything

You know my best interests by heart  
raised me to be smart  
taught at my first school  
Kinda strict with the rules  
every blue moon we fought  
but you were always cool  
Solid support from the start  
showed me to do what I ought  
and played a primary part  
In my life and you still do  
and I know you will do  
whatever to love me  
To take care of me  
to guide me  
provide me with what I need kindly  
Miles away, still beside me  
talking through telepathy  
walking the earth, separately  
It's hectic, believe me  
but I'm always needy  
but you're willing to feed me  
And make it seem easy  
like I don't know it's not  
what a job you got  
Gave me breast milk through red beans  
made sure I kept my room clean  
now I'm hardly seen

(chorus)

Raised me and my sisters  
actually put up with us through every Kwanzaa and  
Christmas  
However many years it is when this reaches your ears

studied our ideas, and interests  
then kept us in books  
arts or sports pretty much all semesters  
Always a solid reason for any time you left us  
sometimes your belt whelped us  
To show you're not our playmate  
encouraged us to create  
not everyone can relate  
Your contribution's so great  
can I see you at my show date  
this invitation won't wait  
Realize I won't be here forever  
that's how life is  
we'll always be together  
'Cause you get where you wanna go  
you yourself told me so  
which makes it better  
Hope I pass before you pass  
'cause you're stronger than I'm strong  
but I'll see you before long

(chorus)

Almost a year  
carried me with you  
got married two weeks before the finale  
Helped raise your family on a Baton Rouge 'hood  
budget  
after your mama went to judgment  
Gave us more don'ts than do's and if we got confused  
your actions allowed us to see it  
Your beauty secret  
stay away from drugs and booze  
left it on us to choose  
What beauty was  
being strong or being buzzed  
you saw a lot of things in us  
We didn't see in ourselves  
wouldn't have known otherwise  
mother who molded our lives  
So unbelievably wise  
I feel so young in your eyes  
where a lot of my soul lies  
When you're in your own house  
payin' your own bills  
then you grown for real  
What you said I'm livin' that now  
hardly get to go back  
how I miss how it feels

(chorus)
