"Blessed by the Angels"

Dance with me out on the ocean

See the stars fall to the sea

Hold my hand tight, don't release me

Gather my heart in your hand

Your face is so lovely tonight

My eyes shine so bright

Gather my heart in your hand

Feel the ocean, feel the sea

I live only for our love

Such a true love

Such a dream

We are blessed by the angels.

You are the one I have longed for

Just like a wave to the sand

Tomorrow is ours for the taking

Gather my heart in your hand

Your face is so lovely tonight

My eyes too are bright

Gather my heart in your hand.
