1. Look how is she walking through Her forest
See how is she dancing in the rain
Hear her voice calling out the creatures of nightmares
Feel the power of her brain

She is the master of spells and magic
She has the force to kill as all
She know the secrets of ancient books and scrolls
She is the queen of the night

REF

I am the last member of my nation
You week humans has burned us all
My revenge will be very painful
I will turn you into empty bones

Your villages will be eaten by the fire
Your children will die one by one
Now you will pay for your desire
Nothing can stop my wrath

2. And she started to laugh, and the shadow
Has dropped down from the sky
Evil forces has arrived to fight for her
To broke down this land

She is the lord of the demon army
She has the scepter of the hell
She know secret powers of the earth
She is the death in the mask

REF

I am the last member of my nation
You week humans has burned us all
My revenge will be very painful
I will turn you into empty bones

Your villages will be eaten by the fire
Your children will die one by one
Now you will pay for your desire
Nothing can stop my wrath

3. Eye of the lizard and leg of the frog
Mind of the sheep and fang of the dog

Tears of the angel and legs of the spiders
Hair of the donkey and hoofs of black riders

In the name of the flames and in the name of the water
In the name of the wind and in the name of earth -
mother
You are all damned, don't try to rebel
I will take a care. You are under my spell
