One forbidden touch
And one drink too much
Different skin I felt
My possessions melt

Oh don't regret this kiss
Such a short-time bliss
Man I need much more
Nothing will be like before

Will I stand right here forever?
In the middle of nowhere.

Talk to me - should I stay or will you leave?
Talk to me - I think of her but you don't think of me

Moments passing by
Hands are touching shy
Take a sip of wine
Don't regret this time

I look back and wait
Everything was straight
Now I loose control
Nothing will be like before

I'm standing here forever
I'm feeling you nowhere

Talk to me - talk to me - should I stay or will you
Leave?
Talk to me - talk to me - I think of her but you don't
Think of me

I'm standing here forever
I'm standing here forever

Talk to me - talk to me - I can't share you - you don't
Belong to me
Talk to me - talk to me - don't replace me with a
Memory

Talk to me - Take my hand

Talk to me - talk to me - should I stay or will you
Leave
