"Because Of You"

Because of you I find myself surviving trying harder
Because of you I've done things that I never thought of doing
I let my soul to taste the pain
I put myself against the grain
Because of you I don't allow the night
To fill my sky to darken my view
Because of you I lean towards the light
Because of you I have something to lose

You watch and learn never complain about mistakes I'm making
Your trusting eyes burn on my skin inside my heart is weeping
I miss the years of disarray but I'm afraid of yesterday

Because of you I don't allow the night
To fill my sky to darken my view
Because of you I lean towards the light
Because of you I have something to lose
