You're out on the ocean and you get pulled down  
freefall to the bottom like when you're drowning or  
falling asleep you get turned around and when you  
think you're swimming to the surface you're  
ing straight down. down to the bottom. all the way to  
the bottom. secret codes and cryptograms I'm lost in  
your words I'm swimming. we're going down to the  
bottom all the way to the bottom raptu  
The deep. I got your letter. I couldn't read it. it was a  
cryptogram. did it sasay take me with you or take me  
as I am? we're going down to the bottom all the way to  
the bottom. we get turned a  
. there is another world spinning inside of this one. I  
remember where I came from there were tropical  
breezes and a wide open sea I remember my  
childhood I remember being free. we're going down  
He bottom all the way to the bottom we get turned  
around there is another world inside of this one.  
rapture of the deep. we're going down to the bottom  
there is another world spinning inside of  
One.
