Gone like a ghost
Unlike most I was made from your bones.
It's what you stole when you left my mamma all alone.
Every hero you were was shot to the ground.
As if superman had lost his mighty mighty strength.

It's not fair to go and leave me behind and leave me
behind
It's not fair to go and leave me behind and leave me
behind

No I didn't know what to think when the call came that
night.
The motorcycles speed was no match against the semi
truck.
I sat by your side and prayed hope for life.
It didn't matter to you so you made your escape.

It's not fair to go and leave me behind and leave me
behind
It's not fair to go and leave me behind and leave me
behind
It's not fair to go and leave me behind and leave me
behind
It's not fair to go and leave me behind and leave me
behind

Just because you have somewhere to go
Don't wish me away
Just because you have somewhere to go
Don't wish me away
You wished me away and I wish you well
You wished me away and I wish you well
