"2 Dollar Shoes"

I'll put my favorite white dress on
And my 2 dollar shoes
Tie my hair up the way you like
Make you see that I'm still in love with you

I'll play your favorite records
Make you some homemade coffee cake
Let you win me in a hand of poker
Convince you to never want to go away

I'll leave you notes in the morning
And get you ready for your day
Kiss your lips before you leave me
Make you see my love for you will never change

And at night, I'll tuck you into bed
Tell you stories till you fall asleep
Then I'll hold you under the moonlight
And hope that you will always be this close to me
