You where on my mine

I thought That I didn't miss u
I thought u where off my brain
I didn't know I would be missin
But I'm missin u
yes I'm missin in u

i thought u have gone away
from my heart
but that i relized that
u are here to stay
I wish u would go away
so I would not have to
think about u anymore

like a glass of water
In the hot sun
I need u like
I need lighter for my cigerates
