I told myself today was gonna be the day
No more excuses 'cause I knew exactly what to say
Was gonna make my play but just like yesterday
My mind erased and I let the moment slip away
Another night got me sitting here all on my own
Picking up the phone,
But I can't get past the dial tone
Rocking my brain
Going insane
Again and again
I can't keep going this way

[Chorus]
CRUSHED,
By the sweetest lips I've never kissed
And your fingertips and the warmest touch that I've
always missed
CRUSHED,
By the softest hands I've never held
Probably never tell,
You're the strongest love that I've ever felt
CRUSHED,
That I haven't ever let you know
How it always goes
'Cause I lose my nerve whenever you get close
And so I'm left,
Short of breath
With that heavy feeling in my chest
Baby I'm so crushed

So I told myself that tomorrow's gonna be the day
And I keep on telling myself that I'm gonna find a way
And I won't be afraid just like yesterday
Won't walk away never gonna let another chance slip
away
'Cause I gotta know which ever way it's gonna go
Rest my heart and soul
'Cause there can never be no more
Rocking my brain
Going insane
Again and again

I won't keep going this way

[Chorus]

Crushing I'm so into you, don't know what I'm going to do.

Gotta find a way to you.

(I don't know just what to do.)

Crushing I'm so into you, don't know what I'm going to do.

Gotta find a way to you.

(Ohhhh... Ahhhhh...)

Crushing I'm so into you, don't know what I'm going to do.

Gotta find a way to you.

And so I'm left, short-of-breath

With that heavy feeling in my chest

Baby I'm so

Cruuuushed

[Chorus]

Crushing I'm so into you, don't know what I'm going to do.

Gotta find a way to you.

(I don't know just what to do.)

Crushing I'm so into you, don't know what I'm going to do.

Gotta find a way to you.

(Ohhhh... Ahhhhh...)

Crushing I'm so into you, don't know what I'm going to do.

Gotta find a way to you.

And so I'm left, short-of-breath

With that heavy feeling in my chest

Baby I'm so

Cruuuushed
