How can love ever turn to pain
How can you and me and us just change
All the memories we have are stained
I can't take this shit
How'd I ever let it get this bad
Messed up any chance we had
Thrown ourselves in a house of glass
I just hate this shit (oh oh)
I'm the one to blame (oh oh)
'Cause I'm the one to stay

I wanna speak without speaking
I wanna cry without weeping
I wanna scream without a sound
I'm standing here but I'm so gone
You wanna touch, there's no feeling
You wanna stay so I'm leaving
End of story, I don't belong
I'm standing here but I'm so gone (I'm so gone)
I'm so gone (I'm so gone)

I can't make up for what you've done
I can't cover up, my heart is numb
Cut in two, damage done
I just hate this shit
You've broken up, beggin' me, don't go
But there's something you gotta know
I shoulda done this long ago
I can't take this shit (oh oh)
I'm the one to blame (oh oh)
'Cause I'm the one to stay

I wanna speak without speaking
I wanna cry without weeping
I wanna scream without a sound
I'm standing here but I'm so gone
You wanna touch, there's no feeling
You wanna stay so I'm leaving
End of story, I don't belong
I'm standing here but I'm so gone (I'm so gone)
I'm so gone (I'm so gone)

No second chances anymore (ooohhh ooohh)
I'm already out the door
I'm standing here but I'm soo gone

I wanna speak without speaking
I wanna cry without weeping
I wanna scream without a sound
I'm standing here but I'm so gone
You wanna touch, there's no feeling
You wanna stay so I'm leaving
End of story, I don't belong
I'm standing here but I'm so gone (I'm so gone)
I'm so gone (I'm so gone)
