Dosen't feel right when were apart
And it's even harder now
Watchin' the lights shine bright
As the snow falls down
Everybody's rushing home tonight
To be together
But baby your so far away
So I just had to call you to say

(Chorus)

I don't need a thing
Don't need the whitest snow
The tallest tree
Just one wish
One wish
That I could be with you this Christmas
I don't need a thing
Don't need the brightest star shining over me
Just one wish
One wish that I could be with you
This Christmas

Remeber how we were lost in our first kiss
Underneath the mistletoe
It was only last year
But now it seems long ago
What I would give
To see your face
To have you near me now
But baby your so far away
So I just had to call you to say

(Chorus)

I don't need a thing
Don't need the whitest snow
The tallest tree
Just one wish
One wish
That I could be with you this Christmas
I don't need a thing
Don't need the brightest star shining over me

Just one wish
One wish that I could be with you
This Christmas

And if I have to spend tonite alone
At least I've got you on the phone
And in my heart I feel you here with me
Yeah, yeah, yeah wohohoh

(Chorus)
I don't need a thing
Don't need the whitest snow
The tallest tree
Just one wish
One wish
That I could be with you this Christmas
I don't need a thing
Don't need the brightest star shining over me
Just one wish
One wish that I could be with you
This Christmas
