Sakura

Sakura Sakura,

Cherry blossoms colours above,
White and pink as pure as my love.
Midnight kisses under a tree,
The gift of love our first memory.
Sakura, Sakura, peacefully cherish our love

Sakura, Sakura,
Sharing secrets only we knew,
Days seem longer --without you.
Tears of joy and sadness you bring,
Winter slowly melts into spring.

Sakura, Sakura,
Catch a petal, softly she lands,
Gently hold my heart in your hands.
Reaching out you're everywhere
April Princess- answer my prayer...
