Let's wait

What were gonna right here now is bounce, bounce

Bounce ladies bounce  
Bababababy lets get down  
Lets get on the floor  
Leave your fellas back at home  
Bounce ladies bounce  
Shake, shake, shake,  
Everything uve got  
Let the music take control  
Tell your man that he can't go

I can for cheering on a friday night  
I'm ready and willing to  
Get this party started right  
Hey mr. dj play the tune I like  
So me and my girls can do our thing  
Leave this floor behind  
Feels like... heaven inside  
Makes me... I lose my mind

Bounce ladies bounce  
Bababababy lets get down  
Lets get on the floor  
Leave your fellas back at home  
Bounce ladies bounce  
Shake, shake, shake,  
Everything uve got  
Let the music take control  
Tell your man that he can't go

I'm caught in the motion,  
I'm not overmark  
He's movin in closer but I  
Aint feelin' that  
Tonight I'm devoted to havin  
A good time  
Jumpin up and down  
With a brand new sound  
Ladies let tonight

Feels like... heaven inside  
Makes me... lose my mind

Bounce ladies bounce  
Bababababy lets get down  
Lets get on the floor  
Leave your fellas back at home  
Bounce ladies bounce  
Shake, shake, shake,  
Everything uve got  
Let the music take control  
Tell your man that he can't go

Bounce ladies bounce  
Bababababy lets get down  
Lets get on the floor  
Leave your fellas back at home  
Bounce ladies bounce  
Shake, shake, shake,  
Everything uve got  
Let the music take control  
Tell your man that he can't go

Sometimes you need to let gooo...  
Just awhile leave your trouble at home

Just bounce go bounce to the bounce  
Bounce where it counts  
Makin me spin while she does her bounce  
From around, shakin your hips, lick your lips for me  
now  
I'm caught up in your voodoo  
Nobody does it quite like you do  
You move to the speaker box  
Make a sound,  
My love below  
Let's go

Bounce ladies bounce  
Bababababy lets get down  
Lets get on the floor  
Leave your fellas back at home  
Bounce ladies bounce  
Shake, shake, shake,  
Everything uve got  
Let the music take control  
Tell your man that he can't go

Bounce ladies bounce  
Bababababy lets get down  
Lets get on the floor

Leave your fellas back at home  
Bounce ladies bounce  
Shake, shake, shake,  
Everything uve got  
Let the music take control  
Tell your man that he can't go

Bounce bounce to this  
Put your hands in the air  
Everybody get down  
Shake shake it there  
Hustle in the front  
Make your body sound

Bounce bounce to this  
Put your hands in the air  
Everybody get down  
Shake shake it there  
Hustle in the front  
Make your body sound

And bounce
