Daddy you came from a life far away
Married a woman you only knew 2 days
Daddy you had three kids
You couldn't walk away (walk away)
Dad you had a plan that didn't go
Your way, let the chips fall where they may
Save the song for another day
Looked into your baby's eyes
And decided to stay

For all the scars I'm trying to heal
All the nights I lived in fear I owe (I owe)
For giving me the strength to chose
To look in the mirror and not see you I owe (I owe)

Which Daddy will be when you come through the door?
In a drunken rage or passed out on the floor
Daddy I don't recognize you
Mama said I need a good tie down
But what's good about what you've done
All your bad just made me strong
I'll do right from all your wrong
Sometimes in life, we know not what we do
Let me speak my mind and say these words to you

For all the scars I'm trying to heal
All the nights I lived in fear I owe (I owe)
For giving me the strength to chose
To look in the mirror and not see you I owe (I owe)

Daddy you came from a life far away,
Lived a fast life, so fast it slipped away
Daddy you'd be so proud to see what
I turned out to be, Sometimes in life,
We know not what we do
Let me speak my mind and
Say these words to you

For all the scars I'm trying to hear
All the nights I lived in fear I owe (I owe)
(Daddy I owe you) (Daddy I owe you)
For giving me the strength to chose

To look in the mirror and not see you I owe (I owe)

Daddy I love you, Daddy I miss you,
Wish you were here with me
Right now, Don't worry I miss you
I wish you were here
I need you I want you to be near
liiiiii... love you, iiiiiiiii... miss you
liiiiii... love you
