Last night I was lonely,  
I wanted to find true love.  
I looked up to the sky,  
And wished to the stars above.  
I want to hold him tight,  
Each and every night..  
'Cause he's my angel,  
Angel from above.  
My angel from above,  
Who came down from the skies.  
Symbol of true love,  
Who heard my pleading cries.  
I'll love him every night,  
And hold him tight.  
'Cause he's my angel,  
Angel from above.  
And now I have my angel,  
I know he will be true.  
I know he'll never leave me,  
The way all others do.  
Because I love him so,  
Never, ever let him go.  
Angel, my angel from above  
Ooh ooh ooh... [until fades out]
