Late at night last night I kissed you and I felt your lips  
so dry  
A mistrust I felt inside when in your tone I sensed a lie  
There's a doubt in our routes, I'm certain to figure out  
Soon enough, get in touch, with my hunch  
CoCo Chanel N°5, guess what, I don't wear it  
No no no no no  
You work a 9 to 5, but never get home early  
No no no no no

Oh I got suspicions  
The way you walk and talk are suspicious  
Oh I got suspicions  
Everything about you is somewhat different  
You're the usual suspect

You got guilt written on your face, please don't tempt to  
deliberate  
And the verdict is my heart and the judge threw that  
sh\*t away  
You abused of my trust, your lies you can not conduct  
No more you, neither I, no more us  
CoCo Chanel N°5, guess what, I don't wear it  
No no no no no  
You work a 9 to 5, but never get home early  
No no no no no

Oh I got suspicions  
The way you walk and talk are suspicious  
Oh I got suspicions  
Everything about you is somewhat different  
You're the usual suspect

Now, put yourself here in my shoes, and tell me which  
path would you choose  
Would you walk me through? Or show me that it's cool  
to be a fool!  
No no no no

Oh I got suspicions  
The way you walk and talk are suspicious

Oh I got suspicions  
Everything about you is somewhat different  
You're the usual suspect
