"I Love You"

Visit "[I Love You](#)" on MotoLyrics.com

I know you
And the force that emanates
From you

I know you
And the vibe I get
With you

I love you
I go both high and low
With you

I love you
Everything expands
With you

From dusk 'til dawn
Through blazing storm
Our love endures

I love you
I journey heights and depths
With you

I love you
I'm dreaming life and death

With you

Our souls may strive
Through countless lives
But neither time nor space
Can leave a trace
Upon the light in your eyes

I love you

Though not a thing
Is ever what it seems
Though caught and caged
In a self-made maze

Though eternity is vast
And I'm lost and cold
Though all is made anew
Just to grow old
