It don't matter to the sun  
If you go or if you stay  
No, the sun is gonna rise, gonna rise  
Shine down on a another day

There will be tomorrow  
Even if you choose to leave  
'Cause it don't matter to the sun no, no  
It matters to me

It ain't gonna stop the world  
If you walk out the door  
This old world just keeps spinning round, spinning  
round  
Like it did the day before

'Cause to them it makes no difference  
It just keeps on keeping time  
'Cause it ain't gonna stop the world, no  
But it'll be the end of mine

So what can I say?  
What can I do?  
I'm still in love  
Why aren't you?

'Cause it don't matter to the moon  
If you're not in my life  
No, the moon will just keep hanging round, hanging  
round  
Like it's just another night

Who find another place to shine  
On some other lover's dreams  
'Cause it don't matter to the moon no, no  
It matters to me

It don't matter to the moon no, no  
But it matters to me
