Follow the Arrow
Where it goes you'll know
Where it leads

Follow your instinct
You might finally
Find the one missing link

Then you'll see
What you never believed could be
You'll see
What you never believed could be

No one can tell you
When you're feeling blue
Where to call

Iron out the creases
Pick up the pieces
Wherever
They may fall

Oh Oh Oh
Then you'll see what you never believed could be
You'll see (then you'll see)
What you never believed could be
You'll see

After all the world is yours
If you take it for it's flaws
Don't expect too much from what you want

Diamonds in the rough are we
The devil wants to make a deal
But you should take to heart this sound advice

Follow the arrow
Where it goes you'll know
Where it leads

Follow your instinct
You might finally

Find the one missing link

Oh Oh Oh
Then you'll see
What you never believed could be
You'll see (then you'll see)
What you never believed could be
You'll see

MM MMM MMM...

Then you'll see what you never believed could be
You'll see (then you'll see)
What you never believed could be
