Every love begins with a lot of hope, every love begins
encase In gold
Oh you never fear what you never know will be
I remember times when you took my hand
You might as well of taken my every breath
I never felt a moment of regret till now

Cause I don't wanna say what I'm gonna say
I don't wanna say what I'm gonna say
I don't wanna say what I'm gonna say, but I'm gonna
say it anyway

If I could have been where I thought I'd be
If I took the time to make believe, been a piece of what
you saw in me, in me
Then maybe both of us would find our way to a place
where nothing's ever changed
To a place where nothing ever fades, always

Oh I don't wanna say what I'm gonna say
I don't wanna say what I'm gonna say
I don't wanna say what I'm gonna say, but I'm gonna
say it anyway

If you say sometimes things aren't meant to be then I
gotta go with what I feel
I gotta go with what is meant for me
