Playing words, things unsaid
Thoughts I never thought I'd hear
Drowning fear
Wasting time, selfish ways
Walking out of every maze
Failing phrase

What if all I lose in doubt
Comes crawling back again

CHORUS:
So I close my window
Though the sky lets the sun glow
Everything here speaks to me
Looking in those eyes
Makes one feel so petrified

And I thought we'd ended here
I thought you'd disappear

Choking breaths as I fear
All I always thought was near
Never were
Recognise, every face
And every hidden trace
Kill my haze

What if all I lost in doubt
Comes crawling back again

CHORUS:
So I close my window
Though the sky lets the sun glow
Everything here speaks to me
Looking in those eyes
Makes one feel so petrified

And I thought we'd ended here
I thought you'd disappear

I thought you'd disappear
