All you ever teach is silenced if you do things your own way,
Is it your way or nothing?
If you're gonna walk the new path,
Then you're gonna get it wrong,
But it's better to be better than be just like anyone.

Roman is better for your information,
Read in time to yourself,
I'm the last thing that you need,
I'm the last thing you need,
I'm the last thing you need in your head.

All you ever teach is silenced if you do things your own way,
Is it your way or nothing?
If you're gonna walk the new path,
Then you're gonna get it wrong,
But it's better to be better than be just like anyone.

Roman is better for your information,
Read in time to yourself.
I'm the last thing that you need,
I'm the last thing you need,
I'm the last thing you need in your head.

All you ever teach is silenced if you do things your own way,
Is it your way or nothing?
If you're gonna walk the new path,
Then you're gonna get it wrong,
But it's better to be better than be just like anyone.
