We used to love each other  
And now Im having to discover  
That all is not what it seems  
And Im bleeding  
Its so hard to let you go  
No, No, No.

Chorus  
Without You  
Without You

No, No, No

I feel a cold wind blow now  
But I don't really wanna go now  
Just keep holding on  
Cause I need You  
And I've got to let you know  
No, No, No

Chorus

I can't  
I can't  
I cannot Live without you  
I can't without you  
and I can't, I cannot live without you  
I can't  
I can't  
I cannot live without you  
Without you
