There's a city of gold across the river
When I reach it I'm told I'll live for aye
My soul will fly over chilly Jordan, over Jordan
On wings of love, I'll fly away

Chorus:

Not a moment to lose, make up your mind
Take a moment and choose God's love divine
From the moment you're saved, how happy you'll be
Take a moment to live, eternally

I'm so glad that I know sweet peace and pardon
Wheresoever I go, I'm glad to say
My soul will fly over chilly Jordan, over Jordan
On wings of love, I'll fly away

It's a privilege here to help another
Just to tell of His love in all I say
My soul will fly over chilly Jordan, over Jordan
On wings of love, I'll fly away

Oh the river is wide and rough the water,
But the Savior will come for me some day,
My soul will fly over chilly Jordan, over Jordan
On wings on love, I'll fly away
