The gate is small the road is narrow  
That leads to eternal life  
Its a place only a few will find it  
But we can help each other climb  
Just ask and it will be given  
Seek and you will find  
Knock and the door will be open  
Just dont hide the love inside

Turn the world upside down, yeah, we can go the  
distance  
Turn it inside out our love can make a difference  
Turn the world upside down, yeah, we can make it  
better  
Turn it inside out, yeah, you and I together

Imagine we all get to heaven  
And everyone we love is there  
There'll be no more pain and no more tears  
So lets keep each other strong and persevere  
Just ask and it will be given  
Seek and you will find  
Knock and the door will be open  
Just dont hide the love inside

Love, Oh sweet love  
Unconditional, everlasting  
Love is patient,  
Love is kind  
Does not envy,  
Does not boast  
Not self seeking,  
Is not proud  
Keeps no records of wrong  
Always protects,  
Always trust  
Always hopes,  
Love never fails  
Love perseveres
