"When I Pray"

Visit "[When I Pray](#)" on MotoLyrics.com

When I pray it's ok
'cause I love the day
I do it my way
I don't need no church when I pray when I pray it's ok
'cause I don't have to kill today
I don't need no hands
I don't need no feet when I pray
'cause I love the day
I do it my way
I don't need no church
I don't need no priest when I pray

When I pray it's ok
'cause I don't have to kill...
Walking down the scene
In my dream on a happy day
Take a trip inside
Deep inside of me
Everything will be ok when I'm on my way this is not a
joke man
To ly down and to pray
'cause I don't have to kill
Today
