Last time in the night in the doom,
There was the shigt in an woom,
The folow the shalow
Gain the peace.

The romeo hans the will,
But no righten the kill,
Goes the wayn
But there will pain.

And we all say
Right the cross,
Right the cross,
Right it.

In an every nation
Well say sation,
And it is creation
Storm the own,

And we all say
Right the cross,
Right the cross,
Right it.

Just like the burn,
Hope you feel the turn,
The never's shight,
Everything right.

And we all say,
Right the cross,
Right the cross,
Right it.

Right the cross,
Right the cross,
Right it.
