I forgot that I shouldn't know you
I forgot that I shouldn't smile
I forgot that I shouldn't be so good to you
I forgot to set my stone face
I forgot we're in a dark place
I forgot that the dark 's the only place to be
So true
But then

I never was cool like you
I never was cool
Say it again
I never was cool like you
I never was cool

I forgot to give myself a sweet drink from your bitter
cup
I forgot that it hurts to [live? - feels so good to die]
I forgot there was nothing to live for
I forgot this world 's a waste
I forgot that you should't take a stand
Or try
But then

I never was cool like you
I never was cool
Say it again
I never was cool like you
I never was cool

Jesus Christ standing at my window
Talk to him almost every day now
Don't you think that he wouldn't have time to talk to me
Lot's of good livin' in my life now
Lot's of love to appreciate yeah
Had to work real hard to learn what works for me
Now you say Wipe that smile from your face
You're not welcome here in my place!
Well [h...?? Honey? Hold me?]
I say [h...?? Honey? Hold me?]
What's [wrong/right...??...h...?? Honey? Hold me?]

[...not? what? I? wanna? be?]
But then

I never was cool like you
I never was cool
Say it again
I never was cool like you
I never was cool

I never was cool like you
I never was cool
Say it again
I never was cool like you
I never was cool
